# FULL TURN-KEY MECHANICAL DESIGN.

### The Company:

EXES is a turn key provider of Expert solutions in parts and manufacturing to the motor manufacturing industry in South Africa.

### The Requirement:

The company required a Trade Finance solution to ensure ongoing manufacturing during order execution – to ensure payment once parts are delivered on a growing order book after Covid

### The Solution:

Weaver Capital and Weaver Merchant & Trade created a trade finance solution in 2 funds to provide **R 1 Million** in trade funds – with first action within a few days. This is being expanded into a all encompassing larger fund
